INDEPENDENT AUDITORS' REPORT

To the Council of THE BAHAMAS NATIONAL TRUST

Qualified Opinion

We have audited the consolidated financial statements of The Bahamas National Trust ("the Trust"), which comprise the consolidated statement of financial position as at December 31, 2020, and the related consolidated statements of comprehensive income, changes in fund balances and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matters described in the *Basis for Qualified Opinion* paragraphs, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Trust as at December 31, 2020, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRS").

Basis for Qualified Opinion

In common with many non-profit organizations, the Trust derives a portion of its total income from events, contributions, gifts and donations, some of which are received in cash. The completeness of these cash receipts is not always susceptible to satisfactory audit procedures. Accordingly, our audit procedures on such income were limited to amounts recorded in the records of the Trust and we were not able to determine whether any adjustments to these amounts might have been necessary.

Real property bequeathed or donated as gifts in-kind is included in income at the time that title has passed to the Trust and it is made aware of this. Management has elected to record such income at a nominal value, which is not in accordance with IFRS. Such real property is generally received as properties to be held for long-term preservation, and as such, management does not consider these "assets" in the normal sense, and further considers that assigning fair values to such property would distort the Trust's consolidated financial position.

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Trust in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in the Commonwealth of The Bahamas, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

INDEPENDENT AUDITORS' REPORT (continued)

Other Information

Management is responsible for the other information. The other information obtained at the date of this auditors' report is information included in the Trust's Annual Report but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditors' report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRS, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Trust or to cease operations, or has no realistic alternative but to do so.

The Council is responsible for overseeing the Trust's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to
fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement
resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional
omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITORS' REPORT (continued)

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Trust to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the
 disclosures, and whether the consolidated financial statements represent the underlying transactions and events
 in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

In our opinion, the Trust's accounting records, of which we are the auditors, have been kept as required by the provisions of the Bahamas National Trust Act 1959.

Non-cash transactions:

Dividends of \$29,294 (2019 - \$76,861) on financial assets at fair value through profit or loss were reinvested in the applicable investment.

As a result of the application of IFRS 16, the total current and non-current lease liability recognized in the consolidated statement of financial position amounted to \$37,200 and \$85,672 (2019 - \$37,200 and \$91,702), respectively.

Notes to the Consolidated Financial Statements

December 31, 2020

1. GENERAL INFORMATION

The Bahamas National Trust (the "Trust") is incorporated as a Trust for Places of Historic Interest or Natural Beauty under the provisions of the Bahamas National Trust Act, 1959, as amended ("the Act"). It exists for the purposes of promoting the permanent preservation, for the benefit and enjoyment of the Commonwealth of The Bahamas, of lands and tenements (including buildings) and submarine areas of beauty or natural or historic interest and, as regards lands and submarine areas, for the preservation (so far as practicable) of their natural aspect, features, and animal, plant and marine life.

The consolidated financial statements include the financial statements of the Trust and its wholly-owned subsidiary, Bahamas National Park Safaris Ltd. ("BNPS"), an entity incorporated under the Companies Act 1992, of the Commonwealth of The Bahamas on April 21, 2017.

The Trust maintains the following funds:

General Fund

The Trust, by all or any recognized means, raises funds for the furtherance of the Trust's purposes and applies the same in accordance with the provisions of the Act.

The Heritage Fund

The Heritage Fund was established by the Trust as an endowment fund in 1984 with the restriction that contributions thereto would be held indefinitely as capital and invested in income-producing investments.

The affairs of the Trust are administered by a Council and an Executive Committee, the composition, powers and proceedings of which are governed by the provisions of the Act.

The principal administrative office of the Trust is located at Bay Street Business Centre, East Bay Street, Nassau, The Bahamas.

The consolidated financial statements were authorized to be issued by the Council of The Bahamas National Trust on April 21, 2022.

2. ADOPTION OF NEW STANDARDS AND AMENDMENTS TO THE STANDARDS

New standards, amendments and interpretations adopted by the Trust

Standards and amendments and interpretations to published standards that became effective for the Trust's financial year beginning on January 1, 2020 were either not relevant or not significant to the Trust's operations and accordingly did not have a material impact on the Trust's accounting policies or consolidated financial statements.

New standards, amendments and interpretations not yet adopted by the Trust

The application of new standards and amendments and interpretations to existing standards that have been published but are not yet effective are not expected to have a material impact on the Trust's accounting policies or consolidated financial statements in the financial period of initial application.

Notes to the Consolidated Financial Statements

December 31, 2020

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Statement of compliance

The Trust's consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the IASB. The significant accounting policies set out below have been consistently applied to all years presented, unless otherwise stated.

b. Basis of preparation

These consolidated financial statements are prepared on the historical cost basis except for financial assets at fair value through profit or loss, which are stated at fair value. The consolidated financial statements are expressed in Bahamian dollars, which is the functional and reporting currency of the Trust.

c. Basis of consolidation

The consolidated financial statements comprise the financial statements of the Trust and its wholly-owned subsidiary, Bahamas National Park Safaris Ltd., as at December 31, 2020. Control is achieved when the Trust is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. The wholly-owned subsidiary is fully consolidated from the date control was established.

All inter-company transactions, balances and unrealized gains or losses on transactions are eliminated on consolidation.

The financial statements of the wholly-owned subsidiary are prepared for the same reporting date as the Trust using consistent accounting policies.

d. Use of estimates and judgments

The preparation of the consolidated financial statements in compliance with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgments, in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements, are described in the following notes:

Note 3(i) - Fair value estimation - investments

Note 3(k) - Impairment of financial assets

Note 10 - Intangible assets

Note 11 - Property and equipment

Note 21 - Fair value of financial instruments

Note 22 - Financial risk management

Notes to the Consolidated Financial Statements

December 31, 2020

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

e. Classification of financial assets

The Trust classifies its financial assets into the following categories: financial assets at fair value through profit or loss and financial assets at amortized cost. The classification depends on the Trust's business model and the instrument's contractual cash flow characteristics.

(i) Financial assets at fair value through profit or loss (FVTPL)

Financial assets at fair value through profit or loss is the classification for instruments that are held for trading or managed and whose performance are evaluated on a fair value basis and are measured at fair value through profit or loss because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets. Financial assets at fair value through profit or loss are initially recognized at fair value. Transaction costs directly attributable to the assets are recorded as an expense. Subsequent to initial recognition, financial assets at FVTPL are remeasured at fair value. Unrealized gains and losses arising from changes in the fair value of these financial assets are recognized in the consolidated statement of comprehensive income. Balances included in this classification are investments in mutual funds and investments held in a brokerage account.

(ii) Financial assets at amortized cost

Financial assets at amortized cost applies to instruments for which an entity has a business model to hold the financial asset to collect the contractual cash flows, which are solely payments of principal and interest. Subsequent to initial recognition, financial assets at amortized cost are re-measured at amortized cost. Balances included in this classification are cash and cash equivalents, term deposits, accounts receivable, interest receivable, other receivables and investments in government stocks.

f. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at banks.

g. Term deposits

Term deposits represent deposits with original maturities of over three (3) months.

h. <u>Inventories</u>

Inventories which are comprised of books, shirts and other souvenirs for sale are carried at the lower of cost and net realizable value.

i. Fair value estimation - investments

Investments held in a brokerage account represents the investment portfolio bequeathed to the Trust by the late Gregory John Pentek. These investments, consisting of stocks, bonds and short-term funds are classified as financial assets at fair value through profit or loss and are valued at their closing market prices at the reporting date.

Notes to the Consolidated Financial Statements

December 31, 2020

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

i. Fair value estimation - investments (continued)

Mutual funds

Investments in mutual funds are stated at their published net asset value, which approximates fair value at the reporting date.

j. Fair value hierarchy

The Trust measures fair values using the following fair value hierarchy:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from the prices).
- Level 3 Inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The level in the fair value hierarchy within which the fair value measurement is categorized in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, the measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes "observable" requires significant judgment by the Trust. The Trust considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

k. Impairment of financial assets

The Trust recognizes loss allowances for expected credit losses ("ECLs") on financial assets measured at amortized cost. The Trust measures loss allowances at an amount equal to lifetime ECLs, except for the following which are measured at 12-month ECLs:

- financial assets that are determined to have low credit risk at the reporting date; and
- other financial assets for which credit risk has not increased significantly since initial recognition.

Notes to the Consolidated Financial Statements

December 31, 2020

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

k. Impairment of financial assets (continued)

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Trust considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Trust's historical experience and informed credit assessments and including forward-looking information.

Lifetime ECLs are the ECLs that result from default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Trust is exposed to credit risk.

At each reporting date, the Trust assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- · a breach of contract such as a default; or
- it is probable that the borrower will enter bankruptcy or other financial reorganization.

The Trust does not have a history of significant write-offs on its receivables, however, the Trust considers aging in excess of ninety (90) days outstanding may not be collectible. The Trust uses the simplified approach in assessing its ECLs. The Trust calculates the ECL percentage by dividing the total expected non-collectible outstanding receivable of over ninety (90) days to the total outstanding receivables of over ninety (90) days.

I. Leases

At the inception of the contract, the Trust assesses whether the contract is, or contains, a lease. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for periods in exchange for consideration.

A right-of-use asset represents the right to use an underlying asset for the lease term and a lease liability represents the obligation to make lease payments arising from the lease.

The Trust recognizes a lease contract as a right-of-use asset and a corresponding lease liability at the commencement date. Interest cost is charged to the consolidated statement of comprehensive income over the lease term.

Notes to the Consolidated Financial Statements

December 31, 2020

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

I. <u>Leases</u> (continued)

(i) Right-of-use asset

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for lease payments made at or before the lease commencement date.

The right-of-use asset is subsequently carried at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation is provided on a straight-line basis from the commencement date to the earlier of the end of the useful lifetime of the right-of-use asset or the end of the lease term.

(ii) Lease liability

The lease liability is initially measured at the present value of lease payments to be made over the lease term, discounted using the Trust's incremental borrowing rate because the interest rate implicit in the lease is not readily determinable. The lease payments comprise fixed payments. The Trust determines the lease term as the non-cancellable term of the lease, together with any periods covered by any option to extend or terminate the lease.

After the commencement date, the amount of the lease liability is increased to reflect the addition of the interest and reduced for lease payments made. The carrying amount of the lease liability is remeasured if there is a change in lease payments or the lease term. When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right-of-use asset or recorded in the consolidated statement of comprehensive income if the carrying amount of the right-to-use asset is reduced to zero.

The Trust applies a single recognition and measurement approach for leases as lessee, except for short-term leases and leases of low-value items.

m. Financial liabilities

The Trust classifies its financial liabilities as financial liabilities at amortized cost. Financial liabilities at amortized cost are initially measured at fair value, net of transaction costs, and are subsequently measured at amortized cost using the effective interest method. Balances included in this classification are accrued expenses and other liabilities and lease liability.

n. Recognition of financial assets and financial liabilities

The Trust recognizes financial assets and financial liabilities on the day it becomes a party to the contractual provisions of the instruments.

o. De-recognition of financial assets and financial liabilities

The Trust derecognizes financial assets when the contractual rights to receive cash flows from the assets expire, or have been transferred and the Trust has transferred substantially all the risks and rewards of ownership. A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

Notes to the Consolidated Financial Statements

December 31, 2020

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

p. Property and equipment

Property and equipment are stated at historical cost less accumulated depreciation and impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Trust, and the cost of the item can be measured reliably. Repairs and maintenance are charged to the statement of comprehensive income during the period in which they are incurred.

Depreciation is provided, principally on a straight-line basis, with reference to the following estimated useful lives of the assets:

Buildings - 20 years
Leasehold improvements - 7 - 10 years
Furniture, fixtures and equipment - 5 - 7 years
Motor vehicles and boats - 4 years

Land is not depreciated. Gains and losses on disposals are determined by comparing proceeds with the carrying amount and are included in the consolidated statement of comprehensive income.

q. Leasehold properties

Leasehold properties comprise land and marine park holdings designated as conservation areas under the Act and are not assigned a value. The properties are held under 99-year leases granted by the Government of the Commonwealth of The Bahamas that require nominal annual rental payments.

r. Capital work-in-progress

Assets under construction or development are recognized as capital work-in-progress until they are available for use and thereupon the total cost is transferred to the relevant asset. Capital work-in-progress is stated at cost, less impairment losses, if any.

s. Intangible assets

Intangible assets are carried at cost less accumulated amortization and impairment losses.

Amortization is recognized on a straight-line basis over the estimated useful lives of the assets of five (5) years in the consolidated statement of comprehensive income. The estimated useful life and the amortization method are reviewed at the end of each reporting period and impairment losses or reversals of such losses are recognized in the consolidated statement of comprehensive income.

t. Impairment of non-financial assets

The carrying amounts of the Trust's non-financial assets are reviewed at each reporting date to determine whether there is any objective evidence of impairment. If such indication exists, the non-financial asset's recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of the non-financial asset exceeds its recoverable amount. Impairment losses are recognized in the consolidated statement of comprehensive income. An impairment loss is reversed only to the extent that the non-financial asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation/amortization, if no impairment loss had been recognized.

Notes to the Consolidated Financial Statements

December 31, 2020

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

u. Foreign currency transactions and balances

The consolidated financial statements are presented in Bahamian dollars, which is the Trust's functional and presentation currency. Foreign currency transactions are translated into the functional currency using exchange rates prevailing at the dates of the transactions. Exchange differences arising on foreign currency transactions are included in the consolidated statement of comprehensive income.

v. Related parties

A related party represents an entity or an individual that has the ability to control, directly or indirectly, through one or more intermediaries, or exercises significant influence over the other party in making financial and operating decisions. Such relationships also exist between and/or among entities which are under common control with the reporting entity and its key management personnel. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely to the legal form.

w. Income and expenses recognition

Subscriptions, gifts and donations, income from exhibition proceeds and other activities and government grants are included in income of the General Fund when received, except for life membership subscriptions and non-expendable capital contributions. Non-expendable capital contributions relating to The Heritage Fund are credited directly to the restricted fund balance account of that endowment fund.

Appropriations by Parliament (termed "Government grants") received to subsidize operating expenses and specific projects of the Trust, are deferred and recognized as income in the financial period in which any conditions attached to them have been satisfied and by reference to the financial period in which the Trust recognizes as expenses the related costs that the Government subvention is intended to compensate. These amounts are presented gross in the consolidated statement of comprehensive income.

The Trust applies the deferral method of accounting for restricted contributions under which restricted contributions related to expenses of future periods are deferred and recognized as revenue in the period in which the related expenses are incurred.

Real property bequeathed or donated as gifts in-kind are included in income at the time that title has passed to the Trust and it is made aware of this. Management has elected to record such income at a nominal value, which is not in accordance with IFRS. Such real property is generally received as properties to be held for preservation, and as such, management does not consider these to be "assets" in the normal sense, and further considers that assigning fair values to such property would distort the consolidated statement of financial position.

Other assets bequeathed or donated as gifts in-kind are included in income on the date acquired at fair value as determined by management using relevant market data, or when considered necessary, professional appraisals.

All other income and expenses are generally recorded on an accrual basis.

Notes to the Consolidated Financial Statements

December 31, 2020

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

x. Pension costs

The Trust has a defined contribution pension plan for its employees. The plan is funded by payments from employees and the Trust. The employees contribute a minimum of 5% of their monthly salaries and the Trust contributes a maximum of 5% of employees' salaries. The Trust's contributions are reflected in the consolidated statement of comprehensive income in the year in which they are due. Colina Financial Advisors Ltd. ("CFAL") administers the Plan.

4. CASH AND CASH EQUIVALENTS

Cash and cash equivalents are comprised of:

	General Fund 2020	The Heritage Fund 2020	Total Funds 2020	Total Funds 2019	
Cash on hand	\$ 7,698	\$ -	\$ 7,698	\$ 14,318	
Cash at banks					
RBC Royal Bank (Bahamas) Limited	2,106,572	63	2,106,635	447,988	
Commonwealth Bank Limited	107,730	-	107,730	99,652

	2,268,415	63	2,268,478	601,967	
	\$2,276,113	\$ 63	\$2,276,176	\$616,285	

As at December 31, 2020, the Trust has corporate credit card and overdraft facilities with RBC Royal Bank (Bahamas) Limited for \$43,500 (2019 - \$43,500) and \$225,000 (2019 - \$225,000), respectively, which are secured by BGRS with a carrying value of \$300,000 (2019 - \$300,000). The overdraft facility, when drawn, carries interest at a rate of 7.25% per annum.

5. TERM DEPOSITS

Term deposits are comprised of:

	General Fund 2020	The Heritage Fund 2020	Total Funds 2020	Total Funds 2019	
RBC FINCO	\$6,986	\$ -	\$ 6,986	\$6,986

General Fund						
Fidelity account		274,361	266,967		274,361	288,445
		\$1,860,337	\$2,049,253		\$1,827,993	\$2,026,371

The Trust has elected to automatically reinvest the dividends from investments in Templeton Global Bond Fund - Class A and Templeton Growth Fund - Class A. During 2020, reinvested net dividends amounted to \$16,117 (2019 - \$18,834) and \$13,177 (2019 - \$58,027) in Templeton Global Bond Fund - Class A and Templeton Growth Fund - Class A, respectively.

When investment income of The Heritage Fund is required to meet the operational needs of the General Fund, shares of the Templeton funds may be sold for this purpose.

Investments held in the Fidelity account represent assets bequeathed for the Exuma Cays Land and Sea Park amounting to \$266,967. Bahamas National Trust Fund Inc., an entity registered in the United States of America, is the custodian of these assets under a custody agreement with the Trust.

9. CAPITAL WORK-IN-PROGRESS

Capital work-in-progress is comprised of:

	2020

The Trust owns in excess of sixty-nine (69) acres of freehold properties, which were bequeathed or donated and for which a nominal value was recorded at the time of donation or bequest. These properties are located on New Providence, Long Island, Eleuthera, Abaco, Crooked Island, Exuma and Andros in The Bahamas.

Right of use asset

The Trust operates from leased premises, with lease terms renewable every five (5) years. The lease agreement, which was renewed on August 1, 2021 for another term of five years, will expire on July 31, 2024. The right-of-use asset is included in land and buildings and the carrying value as at December 31, 2020 is \$120,810 (2019: \$156,700).

Notes to the Consolidated Financial Statements

December 31, 2020

12. LEASEHOLD PROPERTIES

The Trust holds the following leasehold properties under 99-year leases granted by the Government of the Commonwealth of The Bahamas:

			Commencement	Annual
Description	Location	Size	Date	Rental
Inagua National Park (incl. Union				
Creek)	Great inagua	183,780 acres	May 1, 1963	£ 1
Exuma Cays Land and Sea Park	Exuma	112,640 acres	January 1, 1964	£ 1

Westside National Park		1,288,167 acres	January 1, 2010	\$ 1
Conception Island National Park	North of Rum Cay	25,173 Acres	• ,	\$ 1
Fowl Cays National Park	Abaco	1,346 Acres	January 1, 2010	\$ 1

The protected areas in the national park holdings managed by the Trust total approximately 1.9 million acres.

13. RELATED PARTY BALANCES AND TRANSACTIONS

Transactions with related parties during the year were as follows:

- a. Grants from the Government of the Commonwealth of The Bahamas of \$1,500,000 (2019 \$1,500,000).
- b. Administration of the charitable activities, without compensation, of The Bahamas National Trust (Canada) Foundation under an agency agreement.
- c. Executive and senior management emoluments of \$381,344 (2019 \$483,580).

Notes to the Consolidated Financial Statements

December 31, 2020

14. FUND BALANCES

General Fund

No dividends, bonus or other profit is permitted to be paid to any entity or person out of the income or property of the Trust. Dividends from BNPS are permitted to be paid to the Trust for its general purpose at the discretion of the Council.

Members of the Trust are not liable to contribute towards the payment of the debts and liabilities of the Trust beyond the amount of their annual subscriptions.

The Heritage Fund

In the normal course of business, the General Fund is only entitled to receive and expend the income realized from investments of the Heritage Fund. Any capital transfer from The Heritage Fund to the General Fund requires the approval of at least 75% of the Council's members.

15. ACCRUED EXPENSES AND OTHER LIABILITIES

Accrued expenses and other liabilities are as follows:

	2020	2019
Accounts payable	\$138,818	\$ 38,210
Accrued expenses	128,079	112,500
Professional fees payable	20,000	8,500
Gratuity payable	, <u>-</u>	7,000
	\$286,897	\$166,210

16. ADVANCE GOVERNMENT GRANT

On December 22, 2020, the Trust received an amount of \$750,000 from the Government representing half of the annual government grant in respect of the subsequent financial year 2021.

17. DEFERRED CONTRIBUTIONS

Deferred contributions as at December 31, 2020 are as follows:

Projects	Note	2020	2019
Leon Levy Project	(a)	\$ 470,476	\$200,984
Other projects	(b)	320,048	23,646
Shark tank	(c)	99,507	100,000
Exuma Cays Land and Sea Park	(d)	84,474	289,050
Community-based Conch	. ,	,	·

17. DEFERRED CONTRIBUTIONS (continued)

- a) Leon Levy Project ("the Project") represents the project managed by the Trust under the conservation management agreement entered into on November 30, 2007, between the Trust and The Leon Levy Foundation ("the Foundation"). The overall objective of the Project is to create a beautiful educational and actively used Native Plant Botanical Garden. Specific components or aspects of the Project may include a focus on native trees, special attention on traditional bush medicine, and a demonstration pineapple farm. The Foundation provides the Trust with the funding requirements of the Project on a regular basis, based on the budget and work plan for the specified period.
- b) Other Projects represent agreements entered between the Trust ("Grantee") and various other "Grantors" of which the major projects include the following: -
 - I. A grant received by the Trust from Vibrant Ocean pursuant to an agreement dated December 13, 2019 entered between Rockefeller Philanthropy Advisors and the Trust to advance marine protection and management in The Bahamas. As at December 31, 2020, the remaining grant balance is \$43,660.
 - II. An agreement entered into on December 17, 2019 between The Moore Bahamas Foundation and the Trust for the conduct of an assessment to determine Dorian's natural capital damage to both land and marine environments of Grand Bahama and the marine environment of Abaco. As at December 31, 2020, the remaining deferred contribution is \$44,729.
 - III. A grant received by the Trust from Seahorse National Park under an agreement dated March 5, 2019 entered between Leon Levy Foundation and the Trust to develop Sweeting's Pond in Seahorse National Park. As at December 31, 2020, the grant balance is \$21,828.
- c) Shark tank represents the portion of the donation awarded to the Trust as winner of the Discovery Channel's "Shark Tank Meets Shark Week" competition in July 2018.
- d) Exuma Cays Land and Sea Park represents the bequest of the late Gregory John Pentek to the Trust, as his residual beneficiary, for the benefit of Exuma Cays Land and Sea Park development (ECLSP).
- e) Under an agreement between the Government of The Bahamas and the Inter-American Development Bank (IDB), the Trust has received financing from the Japan Special Fund for Poverty Reduction (JPO). The Trust intends to apply part of the proceeds of the grant to payments under the Community-based Conch Management pilot project in the Family Islands for the services of a consultant who will work with the project manager, project stakeholders, and other consultants to develop a management plan for the East Grand Bahama National Park. The grant is intended to increase the socioeconomic benefits derived from conch fishery in the designated areas of Grand Bahama.
- Grand Bahama National Parks represents the partnership program with Freeport Harbor Trust Limited for program and park management in Grand Bahama. The purpose of this project is to make improvements for the national parks on Grand Bahama Island and support for a marine protected area in West Grand Bahama. As per the partnership agreement, Freeport Harbor Trust Limited agreed to provide \$60,000 per year over a three-year period for a total of \$180,000. The funds are being used for educational programs, establishing coral nurseries at local marine parks, park improvements for the Rand Nature Center and Lucayan National Park properties and to cover expenses for surveys and community meetings to establish a marine park in West Grand Bahama.

20. PENSION COSTS

Pension costs of \$29,456 (2019 - \$35,529), included in salaries and benefits, represent the Trust's contribution to the defined contribution pension plan for the year.

21. FAIR VALUE OF FINANCIAL INSTRUMENTS

Management estimates that the carrying values of the financial assets and liabilities disclosed in the consolidated statement of financial position approximate fair values at the reporting date due to one or more of the following reasons: (i) short-term maturities, (ii) interest rates approximate market rates and (iii) carrying values represents fair values.

Notes to Consolidated Financial Statements

December 31, 2020

21. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

Fair value hierarchy

The table below analyses the class of financial instruments measured at fair value by the level in the fair value hierarchy within which the fair value measurement is categorized at the reporting date:

	2020					
	Level 1	Level 2	Level 3	Total		
Financial assets at FVTPL	\$ -	\$2,049,253	\$ -	\$2,049,253		
	2019					
		201	9			
	Level 1	201: Level 2	9 Level 3	Total		

22. FINANCIAL RISK MANAGEMENT

The Trust engages in transactions that expose it to market risk, credit risk and liquidity risk. The Trust's financial performance is affected by its capacity to understand and effectively manage these risks.

a. Market risk

Market risk is the possibility that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market prices. Market risk comprises three types of risks: currency, interest rate and other price.

(i) Currency risk

Currency risk is the possibility that the fair value or future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates. At the reporting date, the Trust's financial instruments are primarily denominated in Bahamian dollars, except for certain financial assets at FVTPL denominated in United States dollars. As the parity between the United States and the Bahamian dollar is unlikely to change in the short-term, the Trust's exposure to any movement in the exchange rate is not considered significant.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. The Trust's term deposits and investments in government stocks are interest-bearing and as a result the Trust is exposed to interest rate risk on these financial instruments to the extent of changes in prevailing interest rates.

Notes to Consolidated Financial Statements

December 31, 2020

22. FINANCIAL RISK MANAGEMENT (continued)

a. Market risk (continued)

(ii) Interest rate risk (continued)

Management's best estimates of the effect on net income for the year due to reasonably possible increases in interest rates, with all other variables held constant, are indicated in the table below. The actual results may differ from the sensitivity analysis below and the difference could be material. Equivalent decreases in interest rates by the percentages shown below would result in equivalent but opposite effects to the amounts shown below.

	2020		2019	ļ.
	Change in interest rates	Effect on net income	Change in interest rates	Effect on net income
Term deposits	1.0%	\$10,070	1.0%	\$ 70
Investments in government stocks	0.5%	\$ 5,400	0.5%	\$10,400

(iii) Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market prices and other market factors. The Trust is exposed to other price risk through its financial assets at FVTPL.

Management's best estimate of the effect on net income for the year due to a reasonably possible increase in price, with all other variables held constant, is indicated in the table below. The actual trading results may differ from the sensitivity analysis below and the difference could be material. An equivalent decrease in price by the percentage shown below would result in an equivalent but opposite effect to the amount shown below.

	2020		2019	
	Change in price	Effect on net income	Change in price	Effect on net income
Financial assets at FVTPL	5%	\$102,463	5%	\$101,318

b. Credit risk

Credit risk is the possibility that a counterparty to a financial instrument will default on its contractual obligation or commitment that it has entered into with the Trust and cause the Trust to incur a financial loss. The Trust has not experienced significant credit losses notwithstanding its significant exposure to risk in relation to its cash and cash equivalents, term deposits, investments in government stocks, interest receivable, other receivables and accounts receivable. The Trust manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties and by monitoring exposure in relation to such limits.

Notes to Consolidated Financial Statements

December 31, 2020

22. FINANCIAL RISK MANAGEMENT (continued)

b. Credit risk (continued)

The Trust's maximum credit risk exposure at the reporting date is represented by the carrying amounts of the financial assets in the consolidated statement of financial position.

c. Liquidity risk and capital management

The Trust manages liquidity risk by developing other sources of revenues in the parks, maintaining adequate members and donors, launching capital fundraising activities, obtaining government grants, and monitoring budgets and project forecasts. The capital structure of the Trust is represented by its fund balances. The Trust manages its capital to ensure that the Trust will be able to continue as a going concern. Ultimate responsibility for the management of capital rests with the Council of the Trust. The Trust is not subject to externally imposed capital requirements.

23. COVID-19

Since the outbreak of the COVID-19 pandemic in early 2020, the significant number of cases of COVID has caused governments around the world to take restrictive measures such as business closures, lockdowns of the population and border closures to contain the virus. Management has taken a number of measures to mitigate the effects of COVID-19 for the preservation of its operations and staff.

Although the Trust has seen a reduction in its income, there were also reductions in its expenses compared with the prior year. Management continues to follow the policies and guidelines set by various government agencies.

In 2020, there were fiscal stimulus measures in many countries and in 2021 there was a widespread vaccine rollout and reopening of businesses. While the pandemic is not yet over, there is growing optimism to return to normalcy during 2022.

As of the reporting date, management does not believe there is any risk to the Trust's ability to continue as a going concern for the foreseeable future due to the COVID-19 pandemic.

24. SUBSEQUENT EVENTS

The Government of the Commonwealth of The Bahamas allocated \$1,500,000 of its 2021/2022 fiscal budget (2019 - \$1,500,000 of its 2020/2021 fiscal budget) to be contributed to the Trust. The Trust received all of its 2020/2021 and 2021/2022 budget allocation.

See Independent Auditors' Report on pages 1 to 3.
