

# Moriah Harbour Cay National Park Regulations

## Park Rules & Regulations

- 1)** Areas in the park are designated as “No Fishing” or “Sensitive Zones.” No person shall kill, capture, fish, take, injure, harass, or wilfully chase any organism or species within sensitive zones, which restricts extraction of all resources.
- 2)** Fishing will be allowed in zoned areas within the park, with some being designated seasonal or year-round.
- 3)** Restricted species in areas zoned for fishing include parrotfish, sea urchins, sea cucumbers, chitons, West Indian Top Shell, seahorses, octopus, sharks, rays, and chimaera.
- 4)** No spearfishing, commercial netting, or traps are allowed in zoned fishing areas in the park.
- 5)** No feeding of wildlife unless otherwise posted.
- 6)** No person shall add to or erect any rock cairn, shed, or other structure within the park without permission.
- 7)** No person shall take ashore or release any animal or other living organism into any area of the park whatsoever. A person shall be permitted to take a dog into the park; however, it must be accompanied at all times and properly leashed. A leash must not exceed 2 meters (6.5ft).
- 8)** No dumping or depositing of any solid material or litter in the park at any time.
- 9)** Anchoring is allowed in DESIGNATED ANCHORING AREAS ONLY. A person must NOT drop an anchor for a vessel, aircraft, or any other facility in areas that are not designated.
- 10)** Maintain idle speed/no wake within 200 feet of shorelines, around reef areas, shallow flats, and in mangrove creeks unless otherwise marked.

**\* All other Bahamian laws apply within the boundaries of the national parks including the Bahamas National Trust bylaws.**
